Our Aim

Archbishop Tenison's Church of England High School exists to provide a Church of England education primarily for children of Anglican and other Christian families living within the Archdeaconry of Croydon.

Our Ethos

Archbishop Tenison's has a distinctive Christian ethos which gives the school its purpose and provides an inclusive environment where children can learn and flourish in a setting shaped by Christian values. We welcome applications from all members of the community and we ask all parents to respect the Christian ethos of the school.

Our Purpose

Together with Church schools across the world we seek to educate the whole person. Our curriculum combines the academic, the human and the practical; our teaching develops the knowledge, understanding and skills of each pupil across all the different subjects; our pupils learn best in a community where they know and

are known - and where they find the space to think independently, the grace to understand new and difficult things and the inner strength to succeed. This is what it takes for academic study to be rewarding and, above all, enjoyable.

There is much for us to learn as human beings - about ourselves, created in God's image; about the world in which we live and our purpose in being here; about our relationships with other people and how we handle the differences between us. A good school provides a good start in all of this.
